How the Club Works: Participation in the Power of Produce Club is limited to children ages 12 and under. Children are eligible for one Power of Produce Passport per calendar year. Each time you visit the Holland Farmers Market, present your Passport at the AlignWell Chiropractic booth. (If the booth is not at the Market, you can visit the Market staff inside the Civic Center.) Their staff will mark your passport off and give you a \$2.00 coupon to spend on the purchase of fruits and vegetables from one of our vendors. Once you have visited the Holland Farmers Market a total of ten times in one year, turn in your completed passport to the staff to receive a special Power of Produce prize!
